Property on the Lower Rhine, personally guided

A property is rarely just an object. It is a home, a chapter of life, often a piece of family history too. We accompany you on the Lower Rhine with composure, expertise and the personal attention that decisions of this kind deserve.

— SALE

Your sale in good hands

We handle the sale of your property from the first assessment to the handover of keys. This includes realistic pricing, approaching the right prospective buyers and negotiating in your interest. You keep the bigger picture in view, we take care of the details.

— VALUATION

A well-founded valuation

What is your property really worth today? As an IHK-certified valuer, Heike Langenkamp assesses location, condition and market environment clearly and without any gloss. You receive a sound basis for your decision, whether you wish to sell, let or simply gain clarity.

— GUIDANCE

By your side from beginning to end

From your first question to the appointment with the notary, we are your dependable point of contact. We check documents, explain every step in plain terms and take the weight off your shoulders. With us, you are never left alone with open questions.

— LETTING

Finding reliable tenants

For owners, we search for and vet tenants with care and a sure touch. We arrange viewings, clarify any outstanding documents and see you through to the signing of the tenancy agreement. In this way, flat and tenant come together as a good match.

— MARKETING

A brochure that convinces

The first impression is decisive. We prepare your property with well-judged photographs, meaningful text and a high-quality brochure. Through the right channels, we reach precisely the people for whom your property is a genuine option.

— REGION

At home on the Lower Rhine

We know Duisburg, Rumeln-Kaldenhausen and the surrounding places not from statistics but from close at hand. This regional grounding informs every assessment and benefits owners and house-hunters alike.
